

SATOWA KINOSHITA
San Francisco, CA | satowa@stanford.edu | [GitHub](#) | [LinkedIn](#)

Climate strategist and researcher based in San Francisco. Worked at the intersection of climate change, private capital, and business strategy over the past decade, advising startups and investors, managing climate-tech investments, and consulting for companies and institutions across Asia-Pacific, North America, and Europe.

EDUCATION

UNIVERSITY OF PENNSYLVANIA, THE WHARTON SCHOOL

Philadelphia, PA

Master of Business Administration

Aug 2021 – May 2022

- Selected Coursework: Environmental Management, Law & Policy; Microeconomics; Macroeconomics; Corporate Finance; Site Planning (Weitzman School of Design)
- Climate Leaders @ Penn Fellow, Sustainable Business Coalition Board Member

UNIVERSITY OF CAMBRIDGE, ST JOHN'S COLLEGE

Cambridge, UK

Master of Science in Natural Sciences (Part III Chemistry)

Oct 2016 – Jun 2017

Bachelor of Arts in Natural Sciences

Oct 2013 – Jun 2016

- Selected Coursework: Chemistry (Physical, Organic, Inorganic, Biological), Mathematics, Geology, Physiology of Organisms, Renewable Energy Physics and Engineering, French Language
- Awards: BP STEM Scholarship (2013-2017); Kurt Hahn Trust German Cambridge Society Award (2015); International Alliance of Research Universities Sustainability Fellowship (2016); St John's College Prize for Academic Performance (2017); Santander Scholarship (2017)

PROFESSIONAL EXPERIENCE

JAPAN ENERGY CAPITAL

San Francisco, CA

Investment Manager

Sep 2022 – Apr 2026

- Lead North America presence of growth-stage venture capital fund backed by major Japanese corporates as Limited Partners and investing in decarbonization technologies
- Research and develop investment theses by evaluating technological advancements, modelling market trends, interviewing industry experts, and monitoring policy frameworks
- Identify, diligence, and manage global portfolio of energy and climate technology startups, including evaluating technical and business viability, leading investment committee presentations, supporting startup C-suite, and developing ecosystem partnerships
- Advise Japanese government agencies, including Green Innovation Fund Project for New Energy and Industrial Technology Development Organization (NEDO) and Global Startup Acceleration Program for Japan External Trade Organization (JETRO)

CROSSBOUNDARY

Washington, DC

Associate

May 2022 – Aug 2022

- Designed blended-finance fund for nature-based carbon removal projects in underserved markets, including developing project pipeline, interviewing stakeholders, and validating fund structure and financial model
- Contributed to writing and winning grant proposal for SDG Impact Finance Initiative, funded by State Secretariat for Economic Affairs SECO, Swiss Development Cooperation Agency SDC, UBS Optimus Foundation, and Credit Suisse Foundation

OLIVER WYMAN*Associate**Senior Consultant**Consultant***Tokyo, Japan; New York, NY**

Jan 2021 – May 2021

Jan 2019 – Dec 2020

Sep 2017 – Dec 2018

- Established Environmental, Social and Governance (ESG) strategy for Fortune 500 data provider, including market and customer analyses and developing roadmap to grow ESG and energy transition product revenues
- Developed automotive sector market strategy for \$7BN private equity fund, including researching and evaluating 15+ top priority investment opportunities
- Head of Tokyo office core-consulting group, representing junior to mid-level consultants to Asia-Pacific leadership and co-founding social impact initiative

ATELIER TEN*Environmental Design Intern***London, UK**

Jul 2016 – Sep 2016

- Developed recommendations for water and solar management based on analytical modelling with environmental design software and contributed to international urban design compendium

NATIONAL UNIVERSITY OF SINGAPORE*Sustainability Fellow***Singapore, SG**

Jul 2015 – Sep 2015

- Led project to assess and develop action plan to reduce energy consumption of University Central Library, including environmental data collection and occupancy analysis

LANGUAGES & SKILLS**Languages:** English (Native), Japanese (Native), French (Advanced, DALF C1)**Technical Skills:**

Python

- Data Science: Pandas, NumPy (multi-year climate datasets)
- Machine learning: Scikit-learn (preprocessing, classification, regression, clustering, model evaluation)
- Visualization: Matplotlib, Geopandas, Jupyter Notebooks (interactive analyses, geospatial mapping)
- APIs & Data Ingestion

Collaboration

- Microsoft Office Suite (Excel modeling, PowerPoint, Word reports)
- GitHub, Google Colab

RESEARCH EXPERIENCE**GLOBAL URBAN DEVELOPMENT***Research Fellow***Washington, DC; Berkeley, CA**

May 2021 – Present

- Invited speaker and assistant for Regional Economic Development Studio at University of California Berkeley, under Visiting Professor Marc Weiss
- Contributed to research on novel construction methods in preparation for UN-Habitat Urban Thinkers Campus event on Affordable Housing Technologies and Sustainable Innovation Communities

UNIVERSITY OF CAMBRIDGE*Graduate Student, Department of Chemistry***Cambridge, UK**

Oct 2016 – May 2017

- Synthesized and analyzed material properties of nanoparticles for artificial photosynthesis, improving understanding of photocatalytic mechanism and performance parameters, under Professor Erwin Reisner

UN Environmental Programme-WCMC*Business & Biodiversity Intern***Cambridge, UK**

May 2016 – Jul 2016

- World Conservation Monitoring Centre (WCMC) is a global center of excellence on biodiversity and nature's contribution to society and the economy
- Analyzed environmental management reports of 5+ oil & gas companies, conducted literature review on availability of data on climate change impact to biodiversity, and facilitated discussions with industry leaders and staff, culminating with presentation to Centre leadership and funding proposal

PUBLICATIONS AND PRESENTATIONS

Invited panelist, Driving Climate Initiatives: How Japan Can Lead the Way in Climate Action, San Francisco Climate Week, Apr 24, 2025.

Invited panelist, [J-BRIDGE Cleantech Summit](#), FedTech & JETRO, Jan 28, 2025.

Moderator, Going Global: scaling into new markets in Japan and beyond, Climate Week New York City, Sep 26, 2024.

Kinoshita, S., Shibata, T. (on behalf of ENECHANGE Ltd.), [Investigation on Low-Cost Technology Development and Demonstration for Separation and Recovery of Low-Pressure, Low-Concentration CO₂](#), NEDO, Mar 28, 2024.

Invited speaker, [The potential for an Oakland Green Bank and Green Opportunities Fund](#), University of Berkeley, College of Environmental Design, Mar 4, 2024.

Kinoshita, S. [Climate entrepreneurship](#), St John's College Alumni Events & News, Jul 25, 2022.

Kinoshita, S. [Japan's Model for Climate Change Innovation](#), MCJ Newsletter, Mar 20, 2022.

Oral Presentation, [Towards Synthetic Control of Carbon Dot Structures for Photocatalysis](#), University of Cambridge, Department of Chemistry, May 2017.

Oral Presentation, [Adapting to climate change: a review of biodiversity management resilience in the oil and gas sector](#), UNEP-WCMC, Aug 2016.

Ocampo Gutiérrez de Velasco, D. A., Su, A., Zhai, L., **Kinoshita, S.**, Otani, Y., & Ohwada, T. (2018). Unexpected Resistance to Base-Catalyzed Hydrolysis of Nitrogen Pyramidal Amides Based on the 7-Azabicyclic[2.2.1]heptane Scaffold. *Molecules*, 23(9), 2363. <https://doi.org/10.3390/molecules23092363>

AWARDS & LEADERSHIP

Brinc Climate Tech Accelerator Mentor, 2023-present: invited to mentor entrepreneurs in global venture accelerator

Clean Energy Leadership Institute Fellow, 2023: selective fellowship for professionals to effectively serve as clean energy leaders in their fields, including lectures, leadership training, and capstone project

UNLEASH Global Innovation Lab, 2022: fully funded 10-day incubator in Mysore, India, for social impact entrepreneurs committed to Sustainable Development Goals

European Institute of Innovation & Technology (EIT) Climate-KIC Journey, 2017: fully funded residential five-week incubator for aspiring climate change entrepreneurs based in the European Union
